

Transportation Security Administration
HONOLULU INTERNATIONAL AIRPORT
TSA Security Screening Notice for all Departing Passengers
"PREPARING TO FLY"

Aloha,

As you know, on February 17, 2002, the Transportation Security Administration (TSA) assumed responsibility for security at all airports in the United States. Along with the new security measures taking place across the country, TSA continues to improve and refine our processes in order to provide passengers with a high level of security and customer service. The TSA travel tips and informative security screening information found below will ensure a brief, yet thorough security experience at the Honolulu International Airport.

Passenger Assistance Program – READY

- Pack Smart & Dress Smart (please visit our website at: www.TSATravelTips.us)
- Research your arrival (time, parking, drop-offs, etc.)
- Be sure to clear Agricultural Inspection if going to the Mainland USA
- Check-in at airline ticket counter, airline self check kiosk or airline group check-in
- **Please keep baggage UNLOCKED** (unless using approved TSA lock called *TRAVEL SENTRY*)
www.travelsentry.org
- Last opportunity to remove all checkpoint prohibited items from carry-on baggage, purse or pockets. A complete list is available at: www.TSATravelTips.us
- Ensure no hazardous material (hazmat) items go into checked bags or to the security checkpoint please visit the website at: <http://asi.faa.gov/passenger.asp>
- Declare any firearms or weapons to your departing airline at the check-in counter before entering TSA security
- Carry-on baggage at the security checkpoint is limited to one (1) carry-on bag plus one (1) personal item. Personal items include laptops, purses, small backpacks, briefcases, or camera cases. *Remember, 1+1.*
- Proceed to the screening checkpoint with carry-on baggage. Ensure there are no prohibited items in your carry-on baggage.

Passenger Assistance Program – SET

- Keep your boarding pass and photo ID readily available
- **Listen for TSA Screener's guidance regarding shoes**
- Submit all carry-on items to X-ray
- Conduct **IN-OUT-OFF** process:
 - Put metal items **IN** a carry-on bag
 - Take laptops and VHS/Beta cameras **OUT** of their carrying cases for separate X-ray
 - Take your overcoat **OFF** for X-ray

Passenger Assistance Program – GO

- Follow screener's instructions for checkpoint processes
- Step through the Walk-Through-Metal-Detector as directed by the screener
- Follow instructions for second pass
- Retrieve all property when screening is complete
- Move away from screening area if waiting for another passenger or family member
- Proceed to departure gate or area

To contact TSA, please call toll free **1-866-289-9673** or email [TelITSA](mailto:TelITSA@tsa.dot.gov) (TelITSA@tsa.dot.gov)
